I suggest we either have the conference call recorded, I understand you can do that we most systems now, or we have minutes taken. I don't feel comfortable with just me attending having to brief everyone else in EPA. Can we do that?

Hello Faye I do not see an issue with having the meeting with Lornette as long as she is fine with it and ok with briefing me the following day.

I would also like a copy of any meeting minutes and action items please. I also would like to have the contact info including phone numbers to those in SCAQMD so I can contact them if I have any questions.

Thank you

Since Lornette is available during that timeframe, would it be possible for her to participate and brief you and the others; otherwise we could try rescheduling for Friday, December 22, but I would have to check DTSC's availability.

Hello Faye, I commute from Sacramento to San Francisco and I work from 6am -230pm, I will be in a vanpool at the time you want to have the call. I am willing to take a call the next day to provide me with the meeting minutes and any action items, but I do not see a way for me to be able to attend this meeting.

Thank you

Good morning George,

I sent a couple of emails yesterday so you may have missed the one with DTSC's availability, which is from 4-5. As such, I was hoping that we could schedule the meeting from 4-4:30.
